TASS Integration Conference

LTC Mark Leonard

26 JUNE 02

AGENDA

FY03 GOALS

**Programs and Initiatives**

Proponent Support

DMOSQ Goals and Challenges

GOAL: **85% DMOSQ**

	FY01	FY02	FY03	FY04	FY05
☐ **IET Inputs**	25,300	29,600	26,500	27,100	27,700
☐ **IET Graduates**	23,800	28,100	25,200	25,800	26,300
☐ **Reclass Inputs**	13,800	17,900	27,000	29,700	25,900
☐ **Reclass Graduates**	11,400	16,100	25,700	28,200	24,600

Y-axis values: 34,000 / 30,000 / 26,000 / 22,000 / 18,000 / 14,000 / 10,000

- TAG/Units
  - Put soldiers in seats
  - DMOSQ Priority
  - Screen Prerequisites
  - Reduce attrition
- TASS
  - Schedule full mission
  - Sell seats to units
  - Manning/Certification

FY03 GOALS

79% DMOSQ by the end of FY03.

Expansion of IN-UNIT TATSC Programs

Increased implementation of DL for MOS Reclassification programs.

Increased Proponent Senior ARNG Advisor involvement with TASS for coordination of TATSC POI implementation issues.

Programs and Initiatives

CROSS COMPONENT RESOURCING
- Resolving constraints to meet training demand
- ARNG and USAR training cooperation to meet DMOSQ goals.

IN-UNIT TATSC Program
- FY02 TXARNG trained 3 classes of 18 each for IDT Phase I of 11M10, 19D10, and 19K10.
- FY03 TXARNG will triple the number of class offerings with varied start dates throughout the training year for 11M10, 19D10, and 19K10
- TXARNG Considering 13P10 and 13M10 programs.
- MSARNG and ALARNG are developing plans to implement the TXARNG methods for FY03.
- USARC considering 88M10 program.

Military Intelligence MOS Reclassification DL Programs.
- FY00-02 Region G has successfully piloted VTT programs for 97B, 97E, and 96B.
- FY03 Region A, B, and C will coordinate to implement VTT

Programs and Initiatives

FORSCOM DMOSQ CAMPAIGN PLAN
- Identification of potential ONE and OEF units.
- Management of MOS Reclassification QUOTAs

NGB and USARC Staff Alignment
- Operation officer positions to represent TASS Schoolhouse and POI implementation issues.

AFAM Upgrade
- By-Name Instructor rosters

Initiating PILOT MOS Reclassification DL Programs.
- 11B30- Phase I (DL) coordination between USAIS and ARARNG.

- 31U10 Phase I Pilot with Signal School, 108th DIV (IT) and FLARNG.
- Field Artillery Pilot programs in TASS Region F.
- Expansion of 88N10 Phase I (DL) piloted in Region E.
- 96B, 97B, and 97E Pilot programs for new DL technologies in

Proponent Support

POI Development
- TATS-Course input from RC during development process.
- Representation of TASS schoolhouse issues.
- Guidance to field for new implementation standards, techniques, or procedures.
- Increase use of DL (when appropriate) in TATS-Courses

Accreditation Support
- "Battle hand-over" from the TIE
- Identification and resolution of RTI problems before accreditation period.

NTCC and SMDR Support
- CMF Guidance for changes to MOS or consolidation.
- Identification of fiscal programming issues identified in CMPs.
- Participation in NTCC.

Recognition of TASS Battalions as a function of proponent school structure.
